IMPORTANT — ENTERING PROCEDURE

1. All entries close June 20. Entries must include exhibitor's name, complete address, and entry fees. Entry blank need only list breed and number of animals exhibitor intends to show. Please read paragraph 4 carefully.

The Sheep Department staff will check cards and papers, then assemble the classes after all the animals are checked-in.

Any exhibitor requesting a late arrival needs to submit to the livestock office all entry cards completely filled out and a photo copy of the registration papers that correspond to the sheep being entered prior to the start of the fair. Original registration papers must be presented upon arriving at the Ohio State Fair before the sheep will be allowed to compete for awards and premium money.

2. Premiums will not be paid unless registration number of breeding animals is furnished prior to show.

3. All animals, regardless of age, except market lambs, must be registered, and have ownership recorded in the name of the exhibitor on the records of their respective breed associations. There will be no exception to this rule. Purchased animals must have transfers recorded in the exhibitor's name at time of checking papers prior to show.

4. The name of exhibitor, as signed on entry blank, must be the same name as the current owner as shown on breed registration papers.

5. Exhibitors will be restricted to (2) two premium monies in each class. A firm or farm will be regarded as one exhibitor. A firm to be so recognized must be a bona fide organization established at least thirty days preceding the closing of entries and actively engaged in the production or merchandising of the animals it proposes to exhibit.

6. Only one (1) entry can be made in a group class. All animals entered and shown in a group class must be entered in the individual classes and registration certificates checked by clerks.

7. All sheep exhibited in the classes for breeding animals must bear the ear tags or tattoos of their Association and corresponding private identification labels if required by their breed association. The Cheviot, Columbia, Corriedale, Dorset, Hampshire, Natural Colored, Rambouillet, Suffolk and Targhee breeds must adhere to the rules of their National Associations. All labels or tattoos must be plainly visible for the ring clerk's reading. Each tag must be properly inserted in the ear tissue.

8. Staff will be in the sheep barn office to check registration certificates for all entries. No animal is to be shown unless registration certificates have been checked.

9. All identification tags and tattoos will be checked at time of judging.

10. Grand and Breed Champion classes are limited to first prize animals. Second prize animals may compete for reserve champion awards.

11. All special breed association awards made by record associations will be paid direct by their breed association secretary. To be eligible for these special breed awards the animal must be recorded in their breed association and must be shown by a member who is in good standing of that breed association. Only one award in each class will be made to each exhibitor.

12. Champion classes, both ram and ewe, will be turned loose in the ring at the discretion of the judge.

13. For birth dates of fall lambs and spring lambs see rules printed on pages where each breed class is listed. All lambs must have eight (8) temporary incisors.

14. Yearlings must be one year old and under two at time of show.

15. Premier Exhibitor Award will be presented to the exhibitor who compiles the most points under the following system:

a) Points will be awarded only on entries owned by exhibitor in single classes, with the top 10 head from each exhibitor to be counted. Top ten places in each class will be counted for points.

b) Points will be awarded based on the number of exhibits in a class. Example: 15 lambs shown in class, 1st place will receive 15 points, 2nd place will receive 14 points, and so on through 10 places.

c) Individuals awarded Champion will receive 10 points and Reserve Champion will receive 5 points.

d) If there is a tie in the final calculation of the exhibitor award, the tie will be broken by the highest placing flock.

16. Flock: Shall consist of yearling ram or ram lamb, two yearling ewes and two ewe lambs.

17. No tents or canopies are to be in sheep barn before the completion of the last show each day and they are to be removed before the first show each morning.

18. Due to space limitations, individual exhibitors will not be allowed a hospitality booth at their pens. However, a pen will be available to any breed that would request one for a hospitality area.

19. Due to a large number of entries, exhibitors may be restricted from using pens for tack, feed and trimming.

20. All sheep are to be washed in the wash rack provided on the north end of the barn. No sheep are to be washed in the grassy area around the barn.

21. All second session sheep will be released at on Saturday August 6. Time to be determined by management.

Release Time

Thursday, July 28, after sale

All market lambs must have an official USDA Scrapie or Premises tag in their lambs at the time of weigh in. Ohio State Fair will no longer tag lambs with Scrapie or Premises tags. This is the responsibility of the exhibitor. USDA and ODA officials will check to see all tags are in place. All market lambs must have a liftable dock.

All Champion and Reserve Champion Market Lambs in the Junior Show and the Grand & Reserve Grand Champions of the Open Show must sell in the Market Lamb Sale.

All market lambs entered in the junior fair and open class market lamb show must be free of all drug residue of any type, including prescribed and illegal, at time of show and be eligible for immediate harvest following the show.

SHOWING NOTICE

Any exhibitor pulling their lamb from competition once they have entered the show arena or if an exhibitor who stood first or second in their class does not return for the championship class, the exhibitor will be disqualified from the show and will forfeit all premiums and awards won at the 2016 Ohio State Fair. In addition, the exhibitor and all members of their immediate family could be barred from future competitions at the Ohio State Fair.

The use of muzzles on lambs is prohibited while on the Ohio State Fairgrounds.

The use of artificial coloring, painting or changing the breed qualities of a lamb shall be considered fraud and deception and will not be permitted at the Ohio State Fair Market Lamb Shows.

See Section 8 — Unethical Fitting . . . on the Open Livestock General Rules and Regulations.

1. The Market Lamb Sale for both junior and open division market lambs will be Thursday, July 28 at 7:00 p.m. in the Brown Sheep Arena.

2. The Open Division Grand and Reserve Champion lambs must be sold in the market lamb sale.

3. (a) No lambs can compete that weigh less than 95 pounds except in the Montadale, Southdown and All Other Breed classes which must weigh 90 pounds. The exhibitor should avoid showing either extremely heavy lambs or excessively finished lambs even though they are not barred.

(b) There will be an all-breed class for all lambs weighing 141 pounds and over. These lambs will not be eligible to compete for any other awards after the heavyweight class is placed.

(c) All market lambs must be under one year of age and show a lamb mouth.

(d) The Grand Champion and Reserve Grand Champion single lambs in the Junior Division are not eligible for Open Division competition.

(e) Carpeting will be allowed in accordance with rule 19 as stated in the junior market lamb division.

4. Purebred Market Lamb Classes, either sex, Breed classes 2 through 13 are for purebred lambs. These lambs must be born to purebred parents of same breed and must exhibit characteristics that would qualify them for registry. Black lambs will be shown in market lamb classes 16-19. Purebred lambs with black fiber regardless of cause will be placed in the grade classes 20-31.

5. Grade and/or Crossbreds: Grade classes 22 through 33 are for grade and/or crossbred market lambs. All lambs not qualifying for purebred, Brockle-Face, Natural Colored classes can be exhibited in classes 20 through 31.

6. The Market Lamb Classifiers shall have the authority to rule out any market lambs being exhibited in purebred classes 2 through 13 and classes 16 and 19. The Ohio State Fair will hire two Breed Classifiers and Ohio Breed Associations will supply one classifier to review purebred classes. When two of the three judges agree, a decision of the majority will prevail. Should a State Breed Association not provide a breed representative for classification, the two judges employed by the Ohio State Fair will make the final decision between themselves. If a tie occurs, a member of the State Fair Sheep Department management will cast the tie-breaking vote. Regardless of the method followed, the judges decision will be final. Breed classifiers will review the purebred, brockle, natural colored classes only and are to use the same standards for eligibility of purebred lambs as would be used for eligibility when registering purebred breeding lambs. Any disagreement with breed classifiers decisions can be voiced in an official protest as described in the General Rules section.

(a) Black market lambs will show in classes 16 through 19. Purebred lambs with excessive black fiber regardless of reason, must show in classes 20 through 31.

7. All exhibitors may show and receive premium money on three lambs in the individual classes. An exhibitor is limited to showing and receiving premiums on six (6) individual market lambs.

8. Lambs can only be shown in one breed classification.

9. No lambs will be released until after the market lamb sale, Thursday, July 28. All lambs to be removed from the barn no later than 10:00 p.m., Thursday, July 28.

10. All open division market lambs must have been owned by the exhibitor for at least 30 days prior to fair.

11. No pens may be reserved prior to the State Fair. Pens will be assigned during arrival hours.

12. The Ohio State Fair is a slick sheared market lamb show. All lambs must be freshly shorn and washed by initial weigh in time. Head wool is allowed on lambs at weigh in.

10:00 p.m.

Judging
Sunday, July 31

Purpose

The purpose of Natural Colored Wool Show is to encourage the production of better fleece of colored wool for home spinners and weavers, and to promote proper handling and preparation for markets.

In addition to the general rules governing entries, exhibits and awards, the following rules apply specifically to the hand spinning fleece competition and natural colored wool.

These wool exhibits must be in place by 10:00 p.m., Friday, July 29.

See general rule under wool regarding the exhibitors tickets which must be purchased by any exhibitor who is not showing sheep in the Open show.

All fleece will be offered for sale. Producers will price each fleece individually. Mid-States Wool Growers will supervise the selling, delivering and remittance of payment for the producers. There will be a 10% handling fee on each fleece.

Qualifications

Any fleece entered for competition in Natural Colored Wool Shows shall be discriminated against and subject to disqualification if showing any definite defect including the following:

1. Poorly prepared, including use of other than paper fleece twine, containing excessive dirt and plant material, tags, burrs, etc.
2. Weak or broken staple.
3. Lacking expected length for the grade.
4. Showing any paint or tar brands (soluble branding fluids permitted).
5. Discolored by excessive moisture or showing effects of coting.

Judging of Fleece

1. The judge shall not discriminate against any color.

2. The judge has the power to assign fleece to correct grade before making awards. The judge should consider that among fleece without obvious and serious defects the following balance in emphasis is recommended.

20 points — Grade, length and diameter of fiber reasonably uniform over the entire fleece, as expected for the grade with length at least good french combing for the grade.

40 points — Approximately 35% of the fleece of an animal should be colored wool, except the fleece in the white wool class. All color combinations are desirable. Fleece should not contain excessive dirt, plant material, tags, etc. In the white wool class, fleece should be uniform creamy white color.

20 points — Estimated clean weight (heavier clean weight most desirable).

20 points — Character of the wool including brightness or luster, crimp patterns, size and definition of locks.
