Exhibitors will be permitted one substitution.

Breed association representatives are expected to check in their breeds and to assign stalls once the department has provided them their barn stall allocations. A program for each breed will be posted listing animals to be shown.

Exhibitors may make as many entries in individual classes as they choose. Three animals may be shown in an individual class, but only two animals per class can win premiums, ribbons and placings.

Do not make entries in champion classes.

Any animal which is not entered in single classes will not be permitted to show in group classes. Animals owned in partnership may be shown by only one member of the partnership in group classes.

No premiums will be awarded unless animal corresponds to description and ownership as shown by registration and transfer certificates.

Any breed failing to exhibit a minimum of 10 animals for two years will be evaluated by management in 2019, regarding continuation of the breed in future shows.

All exhibitors may be asked to parade their cattle and to furnish cattle for the judging contest, at the request of the management.

The American Angus Association®, 3201 Frederick Avenue, St. Joseph, Mo., will participate in premiums offered for open class Angus breeding cattle classes according to the premium schedule based on the number of head shown. The premium assistance provided by the American Angus Association for participation in this show is in addition to the premiums offered by the show itself. The premium assistance should not be used to offset show expense and shall be included in the premium payments distributed by the show to the exhibitors.

A minimum of 50 head must be shown in the open class division to receive American Angus Association premium participation for the following year.

Premiums from the Association are paid only to registered Angus cattle and only if the registration number is a part of the show report provided to the Association. Therefore, all cattle should be registered at the time of entry to make certain they receive the Association's portion of premiums. The Association does not pay on championship or any group classes, (i.e. get-of-sire, junior get-of-sire or breeder six-head).

Exhibitors must have the original registration certificate issued by the American Angus Association available for inspection at the show for each animal or another current proof of ownership issued by the American Angus Association pedigree look up. Any animal, upon check-in, which does not have a legible permanent identification mark (ear tattoo marks, freeze-branded marks or hot-branded marks) corresponding to the permanent identification mark on the registration certificate, is ineligible to show. Once disqualified due to an incorrect or illegible permanent identification mark, animals cannot be re-identified (tattooed/branded) and rechecked at the show.

Any female shown with a calf at side: the calf must be the cow's most recent natural calf, and the calf must be registered by show day and have proof of registration at check in.

Only one person at a time shall lead an animal into the show ring.

Exhibitors who participate in shows that accept premium monies contributed by the American Angus Association are subject to the Association Rules as found in the Breeders Reference Guide of the Association. These rules are found in Part 2; Association Rules. The rules relating directly with the exhibition of Angus cattle are Part 2: Association Rules; Rule 800 Series; including Rule 800 - 810. These rules can be found at www.angus.org.

Altering the conformation and/or appearance of an animal for exhibition is prohibited. This includes the covering of white skin, false tail heads (or use of any false hair), with the exception of false tail switches. The use of graphite, powders, hemp or other similar substances used externally are also prohibited. Other prohibited products include those used internally such as steroids, illegal or unlicensed pharmaceuticals or artificial filling. Any animal found to be in violation will be barred from showing.

At any show for which the American Angus Association appropriates funds toward the payment of premiums, no exhibitors, individuals assisting exhibitors or member owners at such show shall be allowed to use any coloring agents, on any animal exhibited. The Association may adopt and implement various tests designed to monitor this prohibition, including but not limited to a "white towel" or "white glove" test. No aerosol cans or other pressurized containers will be allowed in designated line up areas.

All animals exhibited are subject to DNA marker or blood type test to verify accuracy of parentage as covered under the Association Rules and for other testing as required by the individual show.

Authorized representatives of the Association have the authority to enforce the rules set forth herein as well as in the Association Rules, including the barring of a registered animal from a livestock show at which it is to be shown, if there are reasonable grounds to believe a violation has occurred.

Exhibitors making entries in individual classes must do so in the full membership name of the present owner or owners as it appears on the registration certificate. Youngest class will be shown first, with animals being led in, order of age, with the youngest to oldest with individual entry number for each animal. There will be a cow calf class. No age limit on cows. Calves may also be entered and shown in individual classes. All cows and calves will be shown in one class. Cow/Calf are not allowed to show for Grand Champion Female.

Points for show bull and show female of the year will be based on the Regional Show Point System. Animals do not have to show in a regional show in order to be eligible for show bull or female of the year in the respective four quadrants. An animal may only win show bull or female of the year for one quadrant per year. Ownership percentage followed by ownership succession (breeder, first owner, second owner, etc.) will determine from which quadrant the animal will be recognized.

If there are more than 10 animals in a class the AHA show committee recommends that the class be split.

a) Any use of paints, hair-coloring conditioned colored show foam, graphite, colored powders or other substances; animals may be subject to a white-towel test.

Senior/Yearling Pregnancy Rule - If a purebred female has a Shorthorn Plus calf at side, it is *not eligible* for the Purebred Show, however it is eligible for the Shorthorn Plus show. All females 20 months old at the time of the show need to have a 60-day pregnancy verification signed by an accredited, non-owner veterinarian at the time the female is processed for the show and are subject to blood test to prove pregnancy. Exhibitors may be asked to present said verification upon the request of the Show officials or ASA representatives. If verification cannot be produced, the female may be allowed to participate if the exhibitor can produce a qualified veterinarian to examine the female at the show site, and verify a 60-day pregnancy. Any infractions against this rule will lead to disqualification of the animal for that specific show.
