## ENTERING PROCEDURE

All entries must be made online at [www.ohiostatefair.com](http://www.ohiostatefair.com) by June 20. All junior exhibitors must provide registration information to "pre-enter animals". One wild card animal substitution and one in class substitution will be honored. Those substitutions can be declared at check-in time at the fair.

**On Grounds Entry Procedure** — After identity of each animal has been verified, papers will be filed in the Dairy Cattle Office until the conclusion of the breed show. All papers will be returned to each exhibitor, or appropriate representative, prior to release of cattle.

Breed association representatives will check papers to verify ownership and transfer dates and the Dairy Cattle Management will assemble the classes. A program for each breed will be printed listing animals to be shown during show.

All junior dairy exhibitors are subject to "General Rules and Regulations". Note especially that all animals are to be owned by and in the complete custody and under care of the exhibitor on or before June 1.

**Fitting Junior Show Animals** — Junior exhibitors must fit their own animals for the junior show. Assistance, if needed, may be supplied prior to the junior show by the following members of the exhibitor's immediate family (parents, grandparents, aunts, uncles, brothers or sisters) or another junior member while on the Ohio State Fairgrounds. Such persons must be registered with the department's management and only one person may be registered per animal. 4-H advisors and FFA instructors may instruct only.

1. Only two (2) animals per class can be shown by any exhibitor.

2. Cattle registered in alternate, supplemental or parallel herdbooks shall be eligible to show according to the current guidelines established by each Breed Association relative to their respective national shows. For example, this may include Holstein cattle which have reached "Qualified" status.

2. Herd Unit - If a herd is registered in the names of the immediate members of a family, these persons may combine their entries as a "Herd Unit" and be considered as one exhibitor. In order to qualify as a "Herd Unit," all animals must be kept in the same herd. Animals bred by any of the members of the Herd Unit will be considered as having been bred by the "Herd Unit." Ownership recorded in the name of the herd unit or any member of the herd unit must be indicated on the entry blank as a partnership for that junior exhibitor.

3. Junior Exhibitors must show their own animals. Exceptions will be made only for exhibitors who may be physically impaired, who have multiple animals entered in the same class, or an exhibitor absent on show day due to other commitments. In case of these exceptions another boy or girl who is eligible to be an Ohio Junior Division Exhibitor may exhibit the animal with the authorization of the department director. If a Junior Fair Livestock Exhibitor cannot be present at the time of judging the exhibitor will need to present to the department director a written permission notice signed by the football coach,

band director or any other person in charge of an activity that is in conflict and prevents the exhibitor from being present at the time of judging. This notice must be on official letterhead of the organization and given to the department director 24 hours before show day and must include name, county, birthdate, home phone number, and complete address of the exhibitor's, home and work of the person in charge of the event (i.e. football coach, band director, etc.) Also include a brief description of the conflict.

5. Grain, hay and straw will not be provided, including the first bedding, but will be available for purchase.

6. Exhibitors shall not water their animals at the hydrants. They must be watered in their stalls.

7. Permission for late arrival or early release must be obtained from fair management.

8. For entering Showmanship enter Division 209. All animals in showmanship classes must be shown with assigned show harness numbers. The animal used for showmanship must be one entered and shown by exhibitor in breeding classes. All dairy showmen must wear white trousers, and white shirts are preferred, however, colored dress "farm" shirts may be worn. Exceptions: Jerseys and Guernseys. (see breed listing) This dress code shall be followed in all individual breeding classes as well as showmanship classes.

## RULES GOVERNING HANDLING OF MILK

The Ohio State Fair Management will make every effort to provide dairy exhibitors satisfactory facilities and service in the handling of milk at the Ohio State Fair. Milking machines will be provided in the parlor only and a dumping station is available for those who milk in the stall.

Milk handled at the Ohio State Fair will be used for human consumption. Samples will be checked daily for the presence of antibiotics and the tank will be sampled for a bacteria count. Any exhibitor supplying milk in which antibiotics are found will be barred from selling milk the remaining days of the fair and will be held responsible for any milk that is dumped.

The milking parlor will be under the direction of the supervisor in charge. To maintain sanitary equipment, there will be hot water and cleansing agents available at all times the parlor and dump station are open. Only clean equipment will be accepted and must be checked by a representative of the Ohio Department of Agriculture prior to the first milking at the fair. Times will be posted in the parlor area. All such equipment must be washed after each milking in the dump station area. Milk cans will not be supplied by the fair management. All milk shall be delivered in clean, hooded pails or cans and must be free of foreign matter! Any animal that is milked in the milking parlor area must be free of manure.

Each exhibitor will be asked to complete and sign a milk agreement form prior to the first milking. Information contained on the form is important for the state fair management, the supervisor of the parlor, and payment for milk sold during the fair.

With any and all of the above guidelines, the supervisor and personnel of the parlor and dumping station will be in charge of decisions regarding the cleanliness of the cows and the equipment. Their recommendations and/or instructions shall be followed. Unsatisfactory results could lead to immediate termination of milking privileges.

Milk will be received on all days between the hours of 5:00 a.m. and 8:00 a.m. and 5:00 p.m. and 7:00 p.m.

The parlor will open at 6:00 a.m. to 8:00 a.m. on Wednesday July 28 for the first rotation and on Sunday, August 1 from 5:00 a.m. to 8:00 a.m. for the second rotation. For the final day of the fair, August 5, please listen closely or ask management for the time when the parlor and dump station will close.

On show days, follow the schedules that will be posted in the parlor area, the dairy office door, and locations throughout the barn.

Every effort will be made to maintain flexible hours for exhibitors prior to and following shows. Dairy office announcements will alert exhibitors 30 minutes prior to the parlor closing.

The Ohio Purebred Dairy Cattle Association will be responsible for dispensing individual checks to exhibitors for their share of the milk sold.

It is very important to remember that spectators are observing every phase of our operation. It is crucial that we make a good impression if we are to maintain positive communication with consumers.
